QUESTION 1: My DoD ID card has expired or is expiring soon; what do I do?

Answer: Through June 30, 2021, DoD will temporarily allow USID cardholders to use an expired DoD ID card to access bases and benefits.

Uniformed Services ID Cards

USID cards that expire on/after January 1, 2020 may continue to be used to access military bases and benefits. In order to use the expired USID card, the cardholder must have a current affiliation with DoD and must be eligible for benefits. For example:

- An ID card issued to a spouse typically expires every four years; however, as long as the spouse remains married to the Service member, the spouse continues to have a current affiliation and is eligible for benefits.
  - As a result, a spouse MAY use the expired DoD ID card to access benefits.

- An ID card issued to a child of a Service member expires when the child turns 21 years old. Unless attending school as a full-time student, approved as an incapacitated dependent, or enrolled in TRICARE Young Adult, the child’s affiliation ends when the ID card expires and is not eligible for continued benefits.
  - As a result, a child who has turned 21 and is not eligible for continued benefits MAY NOT use the expired DoD ID card to access benefits.

NOTE: A child under age 21, or who is eligible for continued benefits, MAY use the
expired DoD ID card to access benefits.

USID cards are issued to retirees, family members, and other eligible individuals. If you have questions about whether you have, or are eligible for, a USID card, visit the following website: https://www.cac.mil/Next-Generation-Uniformed-Services-ID-Card/.

If you have questions about the status of your benefits, please use DoD’s online self-service resources before contacting DoD and Uniformed Service help desks by telephone. You can login to milConnect, https://milconnect.dmdc.osd.mil/milconnect, using the DoD Common Access Card or DS Logon account. TRICARE coverage is found within the “Medical, Dental and Pharmacy” drop-down under “the Benefits” tab.
